Appealing Role in New Ince Photoplay

Powder puffs and rouge—those delightful aids to feminine conquest—meant nothing in the young life of Muriel Rossmore. It didn't matter much to her whether her hair was knotted or streaming down on her shoulders in shapeless array. She was just an old-fashloned and ultra-domestic housewife.

So that's why her husband, Rex found pleasure in his associations while Muriel remained at home to combat the high cost of living. But when Muriel discovered her husband's desire for daintiness and pretty clother in heaven will a different street opposite the post office. John W. Hysiop, rector. The twelfth sunday after Trinity. A Spicy Tale of Young Married Life

Here are a few striking Scenes

Muriel listens outside the door while her husband denounces her as a slovenly, old-fashioned wife and defends his affair with his pretty stenographer.

Muriel is about to end it all with carbolic acid. Suddenly she catches a glimpse of her faded face and unkempt hair in the mirror. A better more daring way out flashes into her head.

A beautiful, exquisitely gowned Muriel blossoms almost over-night. Accompanied by the "fast Mrs. Kent," she visits a jazzy cabaret and attracts the attention of Hal Gordon, a man about town of notorious reputation.

The new Muriel invites her reluctant husband to an uproarious party in Gordon's rooms. He is amazed to find her the center of attraction. Discovering her alone in an intimate scene with Gordon, he restrains himself with difficulty and takes her
